INTERNATIONAL ASSOCIATION FOR CONTINUING EDUCATION AND TRAINING

Sponsorship Opportunities

About IACET

The International Association for Continuing Education and Training (IACET) is a non-profit association dedicated to improving the quality of education and training programs through research, education, and standard setting.

IACET accredits education and training providers who meet strict and evolving continuing education guidelines. The qualifying process is the standard that regulators, organizations, and learners seek for quality programs. IACET’s ANSI/IACET 1-2013 Standard is the core of thousands of educational programs worldwide. While a number of IACET providers offer continuing education and training as an employee benefit, 74% of provider customers require IACET CEUs for licensure or certification.

IACET has more than 600 IACET Accredited Providers, with the largest representation in engineering, construction, utilities, education and soft skills training groups.

Your company or organization is invited to establish a custom partnership with IACET to sponsor educational outreach efforts to the IACET membership and to those who are interested in continuing education and training.

*To discuss these sponsorship opportunities, please contact IACET at 703.234.4065 or RD@iacet.org.*
