INTERNATIONAL ASSOCIATION FOR CONTINUING EDUCATION AND TRAINING
Accreditation Strengthens Your CE/T Capabilities

With IACET, the journey to accreditation is as valuable as the destination. Our thorough application process is guided by the ANSI/IACET Standard for Continuing Education and Training and the latest best practices in adult education.

You benefit from a comprehensive audit of your organization’s training program by a Commission of Industry Professionals and peers. At the end, you’ll have a framework for continuous improvement, from managing your training events efficiently to developing the best possible learning programs.

After achieving AP accreditation, you join a select community of organizations that share your commitment to educational rigor, excellence and integrity. AP accreditation connects you with a network of CE/T peers through exclusive webinars and IACET’s bi-monthly e-newsletter.

Make Your Organization Stand Out From the Competition

Non-profit or for-profit, large or small, U.S.-based or across the globe, IACET APs are committed to providing demonstrated excellence in their continuing education and training offerings to all clients.

Stand out from your peers: IACET develops draft press releases to announce your AP status, as well as articles you can use in newsletters or on your website to demonstrate your organization’s commitment to excellence in CE/T.

Create a brand with distinction: All Accredited Providers receive the IACET AP logo for print and on-line use to showcase their ability to grant IACET CEUs on brochures, websites and other collateral. IACET also provides you with an AP plaque and other material suitable for on-site display.

Straight talk: IACET has texts, FAQs and other resources you can directly apply to your website to help answer your customer’s questions about what it means to be an IACET Accredited Provider, offering IACET CEUs as well as other topics related to CE/T.

What is the ANSI/IACET Standard?

IACET Accredited Providers have demonstrated that their programs meet ten nationally-recognized standard categories. Here is an overview of the standard categories and the aspect each evaluates:

CATEGORY 1: Continuing Education and Training Organization
CATEGORY 2: Responsibility and Control
CATEGORY 3: The Learning Environment and Support Systems
CATEGORY 4: Learning Event Planning
CATEGORY 5: Learning Outcomes
CATEGORY 6: Planning and Instructional Personnel
CATEGORY 7: Content and Instructional Methods
CATEGORY 8: Assessment of Learning Outcomes
CATEGORY 9: System for Awarding CEUs and Maintaining Learner Records
CATEGORY 10: Program Evaluation
